

Continuing Education Requirement

Physical Therapist Assistants

Review rule 4755-23-08 of the Physical Therapy Laws and Rules for the current requirements.

Important Information:

How to calculate your continuing education activity: 1 contact hour is one clock hour spent in a continuing education activity. Physical therapist assistants are required to complete a minimum of 12 contact hours per renewal cycle. Remember that all continuing education activities require valid Ohio Approval Numbers issued by the OPTA (www.ohiopt.org).

The continuing education reporting period is the same as the renewal period – February 1 – January 31.

If this is your first renewal you are exempt from providing proof of your continuing education activity. However, you are still required to renew your license.

If this is your first renewal after reinstating your Ohio license, you are required to complete a minimum of 12 contact hours. Your continuing education reporting period would be two years prior to your current expiration date. Continuing education activities used to reinstate your license cannot be used towards any other renewal periods.
