Jeff Sczpanski, AT

Call to Order

Brian Weaver, Chair, called the meeting to order at 2:06 PM.

Brian Weaver made a motion to accept the minutes from the September 11, 2020 meeting as submitted. Second by Tammy Dalton. Motion passed.

Executive Director's Report:

The Executive Director's covered:

- slight increase in revenue with renewals,
- Staff will remain working remotely until at least the end of March, with possibilities of extending until May,
- Staff is able to answer office phones "live time" with Jabber application.

Discussion of Laws and Rules

Licensure candidates without a residency- actual language is included in meeting packet. Language changes made in a rule provide more flexibility.

Section reviewed requirements/qualifications for section to approve licensee. Suggestions include:

- candidate and education background,
- professional job duties, i.e. work in research, clinical or product design,
- direct clinical care experience with patient and length of time
- professional references,
- where applicant received training,
- any administrative action taken from a credentialing body against applicant.

Director Anthony research information on qualifications of candidate seeking licensure for section use.

Military licensure- CSI is requiring changes to the language to clarify confusion.

Five-year rule review- have filed all the rules. Each year the OPP will review a section for any potential changes to be addressed. The section has reviewed the definitions and supervision sections for accuracy.

Licensure Applications

The 3D printing application is posted on the homepage of the website.. A new link will be created in the OPPAC section.
